REF	: 20400

PRODUCT DESCRIPTION

Paediatric Urine Collector, Unisex, with Foam, 100ml, Sterile, PE Bag.

INTENDED USE

Curas C1 Paediatric Urine Collectors are used on infants and toddlers for collection of urine and to aid diagnosis and /or treatment for urine disposal purpose. Designed and suitable to be used by both genders. Ideal for short-term use.

FEATURES & BENEFITS

- Single use option to prevent contamination.
- Each bag is sterilized and individually packed to enhance the hygiene performance, convenience of usage and distribution.
- Transparent bag and clear ml-graduation markings allow for easy reading of the amount of urine collected.
- Opening entry is anatomically shaped to suit both genders and ease positioning or application.
- Foam integrated at the opening entry helps to provide comfort to user.
- Hypoallergenic adhesive material is suitable for all skin types. Firm adhesion to the skin without causing irritation.
- Adhesion applied on the entry opening ensure tight seal to the skin as to prevent urine leakage.
- User can easily expand the bag with the front-sealed design before application. It allows better urine collection.
- WardPak™, dispensing inner box with dispensing opening allows easy access and save space.
